Paid Town (sewer department), brick,	160 00
	$2,837 37

Report of Supt. of Sidewalks to Selectmen.

To the Selectmen:

The whole amount of new sidewalks built by me this season is four thousand four hundred and thirty-four linear feet, as follows: 2,877 feet concrete; 1,257 feet brick and 300 plank. Material used: 1,549 square yards concrete; 1,172 5-12 curbstone; 490 8-12 flagstone; 23,000 brick; 4,868 feet lumber; 100 old ties; 88 1-2 lbs. spikes and nails. Whole amount expended, $2,402.54.

I would recommend that nothing should be charged in sidewalk account on town books, except for new sidewalks. Money expended for the repairs of old walks should be charged to Superintendent of Streets' account, where they properly belong.

Respectfully submitted,

Orlando J. Bagley, *Supt.*

AID TO DEPENDENT SOLDIERS AND THEIR FAMILIES.

WILLIAM D. KNAPP, Justice.

ENGINEER'S REPORT.

I herewith submit my report of the Great Falls Fire Department for the past year. There have been four fires within the past year. One was in March, a fire in Ivory Jones' stable on Franklin street. One in April, the house of W. S. Kinsman, on Highland street, and stable of David Scott, which was nearly all burned before the firemen reached it. One in January, the shoe shop of C. D. Pecker, which was one of the hardest fires we have had for years, and required a large amount of water, but with the stand-pipe pressure of 80 lbs., we were fortunate in saving the building without very great damage. There was some delay in getting water on account of our hose not being strong enough to hold the pressure, causing many leaks. The fourth fire was February 13th, on Market street, in the Bank building, in Gowen's harness shop. At this fire we had a fine pressure of water.

I have bought 2,500 feet of Safety Hose since these fires, which is guaranteed to a pressure of 300 lbs., and warranted not to mildew or burst for five years. With this addition and the stand-pipe, we are quite well fixed for a number of years. We need a line of pipe over Prospect Hill to commence at J. J. Woodward's corner with hydrant, running from there to Symes' corner with hydrant, from there to connect with Buffum's pipe, from there to L. A. Goodwin's corner with hydrant, to the

Market street main. In this way we should get a circulation of water and no dead ends. The greatest trouble there has ever been with our water service is from our street main's being too small. It should have been 10 inches instead of 6. There have been three new and improved hydrants put in this year, and as fast as the old ones give out replace them with the Chapman hydrant. They are always ready to work.

The companies are all well supplied, with the exception of a few rubber coats and lanterns. No. 1 Engine House needs shingling and must be done the coming year. A village steamer on Prospect Hill, with 25 men and a capacity of 350 gallons a minute, and capable of throwing three streams at once, would be of great service to the department, to be used instead of the hand engine. It wouldn't cost so much to run and would be of good service.

O. Q. SHAPLEIGH, Chief Engineer.

THE STATE OF NEW HAMPSHIRE.

L.S. To the inhabitants of the town of Somersworth, qualified to vote in town affairs:

You are hereby notified to meet at the Town Hall, in said town, on Tuesday, the tenth day of March next, at nine o'clock in the forenoon, to act upon the following subjects:

ARTICLE 1. To choose a Moderator, to preside at said meeting.

ART. 2. To choose all necessary town officers for the year ensuing.

ART. 3. To see if the town will so amend its By-Laws that all of its surveyors of highways shall be appointed by the Selectmen, by application of John Leahy and others.

ART. 4. To see if the town will vote to pay the Town Treasurer the sum of one hundred dollars, for extra services performed on account of sewers, during the past year, by application of the Selectmen and others.

ART. 5. To see if the town will vote to appropriate the sum of one hundred dollars towards paying the rent of the Woman's Christian Temperance Union reading room, by application of Mrs. John C. Lothrop and others.

Art. 6. To see if the town will vote to pay the sum one hundred and fifty dollars to Lafayette Band, for giving public concerts during the summer of 1891, by application of James H. Joyce and others.

Art. 7. To see if the town will vote to widen Spring street, in the village of Great Falls, and raise and appropriate money to purchase land on the northerly side of said street, along the line of land now owned by Patrick Burns, by application of Neil O'Brien and others.

Art. 8. To see if the town will vote to extend the plank sidewalk on the northerly side of Winter street, to a point opposite the dwelling of James M. Andrews, and will raise and appropriate money therefor, by application of James M. Andrews and others.

Art. 9. To see if the town will vote to raise and appropriate the sum of two hundred and fifty dollars, for the purpose of laying a sidewalk on the southerly side of Pine street, from Union to Green streets, so-called, by application of James Collins and others.

Art. 10. To see if the town will vote to lay a sidewalk on the westerly side of Grand street, beginning at the corner of Grand and Grove streets, and extending to the residence of Edward Hargraves, by application of Nathan Wimpfheimer and others.

Art. 11. To see if the town will vote to place an electric light on the southerly side of Partridge Hill, and accept the light already established at the junction of the Indigo Hill and old Dover roads, and raise and appropri-

ate money for the same, by application of Sumner C. Horne and others.

Art. 12. To see if the town will vote to light the electric lights on the streets, between five o'clock in the morning and daylight, during the winter months, by application of John H. Smilie and others.

Art. 13. To see if the town will vote to place an electric light on Partridge Hill, so-called, near the residence of Newall J. Bickford; also, to move the arc light opposite the residence of John Stewart, Jr., and place the same at the head of South street, by application of A. H. James and others.

Art. 14. To see if the town will vote to raise and appropriate a sufficient sum of money for the purpose of placing an electric light on Summer street, by application of John Parsons, Jr., and others.

Art. 15. To see if the town will vote to pay the Great Falls Manufacturing Company the sum of two hundred dollars annually, as rent for the use of the water from their stand-pipe, by application of John W. Bates and others.

Art. 16. To see if the town will vote to change its corporate name from Somersworth to Great Falls, by application of Samuel Welch and others.

Art. 17. To see what action the town will take in the matter of building a bridge across the Salmon Falls

river, to replace the wooden structure now in use, by application of the Selectmen and others.

Art. 18. To see if the town will vote to authorize the Selectmen to hire money on the note of the town, at such times as it may be necessary, for the purpose of paying the teachers employed in the public schools each month, by application of F. N. Chase and others.

Art. 19. To see if the town will vote to appoint a committee to revise the By-Laws of the town, said committee to report at any annual or special town meeting, as shall be deemed best, by application of the Selectmen and others.

Art. 20. To see what action the town will take regarding town notes, maturing April 1, 1891, by application of the Selectmen and others.

Art. 22. To see if the town will vote to adopt and establish the school now supported by School District No. 3, and known as the Great Falls High School, as a public town school, and raise and appropriate the sum of twenty-five hundred dollars for its support for the ensuing year, provided that said School District No. 3, at its next annual meeting, shall annul its action whereby it voted in 1886 to retain its organization, under the "Somersworth act," and shall thereby become a part of the town school district of said town of Somersworth, by application of Frank P. Reeve and others.

Art. 22. To hear the report of the Committee appointed at the special town meeting, held Dec. 1, 1890,

and to see what action the town will take thereon, by application of the Committee.

Art. 23. To see if the town will vote to lay a concrete sidewalk on the northerly side of Water street, from Main to Union streets, by application of Ira F. Young and others.

Art. 24. To see if the town will vote to lay a concrete walk, with edge-stones for same, on the westerly side of Lincoln street, from Maple to Winter street, by application of John N. Haines and others.

Art. 25. To see if the town will vote to lay a concrete sidewalk on the southerly side of Grove street, from High street to the residence of A. D. Tolles, by application of C. L. Lord and others.

Art. 26. To grant and vote such sums of money as the town shall judge necessary for the support of schools, the repairs of highways and for all necessary charges arising within the town for the year ensuing.

Given under our hands and seal this twenty-first day of February, A.D. 1891.

JOHN EMERY,
SAMUEL WELCH,
ENOCH WHITEHOUSE, } Selectmen of Somersworth.

SOMERSWORTH, February 20, 1891.

ANNUAL REPORT

OF THE

Superintending School Committee,

OF DISTRICT No. 3,

TOWN OF SOMERSWORTH, N. H.

FOR SCHOOL YEAR 1890-'91.

Again we are called upon to report the condition of your schools, as our superintending labors have enabled us to see them. We put our report into as simple a form as possible.

Teachers. The High school remains as last year, and is doing as thorough work as can well be done in any High school like ours. The large number of pupils in the Grammar department, and the small amount of room at the beginning of the fall term, led to the employment of an assistant for the first Grammar room, and the accommodation of another class in that room. This necessity has proved an advantageous arrangement and may wisely be continued next year, as the incoming class will make the number of scholars in this room about the same as at present. The remaining Grammar teach-

ers are as last year. In the primary schools some changes have occurred. Miss Mabel L. Goodwin has had charge of the 2d primary school, in the Orange street house. Miss F. M. Swasey has taught the 1st primary and Miss Marion Thurston has been the teacher for two terms in the Prospect school house. Other teachers are as at last report. The district has an efficient superintendent of the musical work in Mrs. M. Eva Robinson, of Boston, who came to us after a thorough course of training, and with the highest recommendations, and has justified them fully by her work.

In the primary work for the year we have been somewhat disturbed and delayed by the necessities incident to the building of a new school-house. Five schools were accommodated in temporary quarters for the fall term. These accommodations were not convenient, but the best that could be provided. Some of them were a long distance from the homes of the children in them. Many small children dropped out of school. The third term opened with these schools in the new Union school-house. The committee adopted the most feasible line, as it seemed, with the present number of scholars, to divide the scholars between the Union and Orange street school-houses. This line begins at Main street, follows up Washington to Green, thence to Pleasant, thence to Hign and down Dover road. After dividing and rearranging the schools, in accordance with this new line of division, we have an average of about 40 pupils under the care of each teacher.

Our teachers are well-known in the district. We desire to make no comparisons. It is one thing to be

engaged by a committee to teach school. It is another thing to teach with the enthusiasm that compels the ranking of a school among successful schools. The term "good teacher" covers many qualities not easily described nor always easily found. Too much talk; laziness; want of inspiration; tendency to slip over difficult lessons; loud talk about pupils; unfeeling treatment of pupils; want of order; constant complaining about parents, pupils, committee or janitor—these angularities of the teacher's life may well be polished off. We want teachers to be able, faithful, good-natured, patient, willing to work with the committee, enthusiastic, inclined to learn what other successful teachers are doing and ready to adopt any hopeful improvement. A school-room, showing signs of a teacher's efforts to interest pupils in some new way, is a pleasing sign every time. This has been an unusually pleasant year in the relations between pupils and teachers. Good order has characterized all the schools. That order has been secured in quiet and effective ways. We would like to remind parents and others that, in this small district, there is as yet no way to give teacher's positions to all the graduates from our High school, and that when changes occur we know of only one rule to guide us, that is, secure the teacher who will do the best work in the school-room.

The building of the Union school-house has been the important event of the year. At the last annual meeting the district voted $20,000 to build a house of "not less than six rooms," and appointed a building committee to carry out the intent of that vote. The report of the building committee will be presented at the annual school

meeting of the district. The new school building is a house of eight school-rooms, besides halls, etc. Six of them are finished and furnished, and five of them are occupied. Two unfinished rooms are plastered, and need only the finishing and furnishing to make them ready for occupancy. The sixth room would now be in use if two schools and two teachers had not been occupying the 1st Grammar room for the year. The form of the new building was determined largely by the shape of the lot upon which it must stand. The lot was poorly suited to a six room building of any pleasing proportions. We have, instead, for the same cost, a house of six finished rooms, and two more that may be used when needed. The rooms are light, of good size, convenient in all their appointments, heated with hot water, with a good supply of water on both floors and in the basement for all sanitary purposes. The expense of the building proper has been held very closely to the limits of the appropriation. There remains some grading in the outer yards and some fencing that will need attention in the spring.

The Orange street house is calling loudly for attention. Leaking roofs and worn-out paint tell the story of present needs. The Prospect house has now the poorest school-room in the district. The falling plaster and ancient desks suggest necessary improvements for the coming year.

We are now in a better condition to accommodate the scholars of the district than in recent years. We feel that every scholar of the district should now, at least, conform to the state law in the matter of school attend-

ance. We believe that next year will see marked improvements in our school work.

All of which is respectfully submitted,

J. M. DUTTON,
WM. F. HARMON,
D. R. PIERCE,
F. P. REEVE,
J. C. NUTTER,
} Superintending Committee.

To the Citizens of the Town School District:

The spring term of School No. 1 was taught by Miss Mabel L. Fall, who resigned at the end of the term.

Miss Alice A. Andrews taught the fall term and then resigned. Both teachers labored faithfully for the best interests of the school, and with the co-operation of pupils and parents the scholars would have made good progress.

Miss Jessie G. Lord was retained in School No. 2. During the past year good and uniform text books have been a stimulus to active effort. The pupils have been enthusiastic over their work, consequently good results have been attained. Teacher and scholars have been encouraged and their labors made pleasant by the interest the parents have shown in the school. The attendance has been much larger than for many years.

Respectfully submitted,

GEORGE B. LORD,
CHESTER V. WADLEIGH, } School Board.
S. C. HORNE,

SCHOOL CALENDAR FOR 1891-92.

First Term—Commences April 6—Closes June 19.

Second Term—Commences Sept. 7—Closes Dec. 11.

Third Term—Commences January 4—Closes March 18.
